

Connect - Online GroupX and Session Bookings

Future success depends upon creating a relationship and ongoing dialogue with customers. Web (or internet) interaction is facilitated by **Connect** to provide a real-time interface with Plus2 for your members and prospective members. Screens can be personalised to fit seamlessly into your existing website.

Features include:

- Customers and Members can Self Register for the service
- Real time viewing and booking for GroupX sessions
- Simple search facilities
- Automated email confirmations
- Scales to mobile devices and phones
- Safe and effective payment transactions via WorldPay, DPS and PayPal (optional).
- Allows Customers and Members can update their personal details.
- Allows Customers and Members to make payments for outstanding fees and charges – not just GroupX sessions
- Allows Customers and Members to manage their own bookings e.g. cancel, pay, move depending on your house rules.
- Allows Customers and Members to make and manage future bookings
- Enables traditional collateral based websites to provide a fully interactive experience to visitors and members.
- Time and cost efficient for both clients and managers
